

MTN One Rate

South Africa's lowest per second call rate, now even lower.

MTN reduces the call rate for the MTN One Rate PayAsYouGo price plan from R1.85 to R1.75 effective from 28 Feb 2010. Now our customers can save on all calls made during the day with our true per second call rate of less than 3c per second across all networks, all day!

The MTN One Rate price plan is ideal for customers who make a lot of calls during the day. This is because unlike other networks that charge per minute, or those that only provide customers with a call rate to one network, MTN One Rate charges only for the seconds spent on the phone and nothing more. This is a great benefit to our customers as most of them often make calls of less than one minute.

Additionally customers will benefit from a reduced SMS rate of only 50c all day to any number, plus 1 free daily SMS, full voicemail service and 7 free callbacks per day.

For more information, please visit www.mtn.co.za. PayAsYouGo customers can migrate or change to MTN One Rate by dialing *141*4*5# on their phone or call 173 for assistance and additional information.

	MTN One Rate
